WELCOME

Deceuninck are a global systems company operating across more than 95 countries across Europe, North America, South America, Africa and Asia. We employ more than 3,500 worldwide and we are listed on the Belgium Stock Exchange.

Our UK subsidiary operates from a large manufacturing site in Calne, Wiltshire. At Deceuninck we pride ourselves on the very best design, using the latest innovations to create the very best performing products in the UK market.

We work very closely with the very best window fabricators and installers giving our customers the best products and best service possible. We have a reputation for quality, service and value for money and we are sure you will be delighted with choosing us.

You can **trust the experts** when it comes to the installation of your Heritage windows and doors

The **Registered Installer Scheme** has been introduced to give homeowners complete peace of mind and to ensure that the highest standards of workmanship are achieved.

With years of experience, our nationwide network of Deceuninck Registered Installers are well placed to provide first class installation of your windows and doors.

HERITAGE WINDOW COLLECTION

When it comes to selecting the right products to enhance and protect your home, you want to be sure you're making the right choice. Beautiful, stylish, expertly made, our PVC-U Sculptured and Flush Sash windows and doors strike the perfect balance between energy efficiency, security and design.

SO WHICH IS THE RIGHT FIT FOR YOUR HOME?

F

FLUSH SASH

Flush casement windows are characterised by openers that close into the frame and finish flush with the face of the window to replicate timber style windows.

S

SCULPTURED SASH

Sculptured Sash windows feature outward opening sashes, which stand proud of the face of the window frame and are the more typical style found in houses today.

C

CHAMFERED SASH

Similar to the Sculptured Sash window, the Chamfered features outward opening sashes, which stand proud of the face of the window frame and looks sharp yet subtle.

STYLE

The Heritage Window and Door Collection combines the elegance and styling of traditional timber windows with all the benefits of PVC. They are virtually maintenance free and keep the warmth in and unwelcome visitors out.

The collection is ideal for period properties and for those who want to add or restore character to their homes with its unique, unrivalled, aesthetics and sympathetic symmetrical design giving a property perfect balance and harmony.

SECURITY

There's no compromise when it comes to security even down to the useful night vent locking position.

The bespoke locking keep which caters for this also helps to achieve enhanced security accreditation PAS24, a British Standard all of our Heritage products have achieved. Thanks to this, all Heritage windows and doors can carry the Secured By Design badge of approval, a national UK crime prevention initiative, which helps protect you and your property for complete peace of mind.

Our wide range of modern, contemporary and period style windows incorporate the latest built-in safety features, including internal glazing beads and multi point locking systems.

To provide enhanced resistance to forced entry our windows can be fitted with a hinge protector device between the frame and the sash opener. For doors the latest anti-bump, anti-snap, key locking cylinders can also be installed to further enhance performance.

What makes our windows so **unique**?

PERFORMANCE

To keep out the wind and rain we use our patented high performance, multifunctional weatherseals. The airtight seal this creates helps to maintain your comfort inside your home.

The Flush Sash dual seal is exceptionally watertight, with the added benefit of concealing any hardware. Any water that has found its way inside is quickly evacuated due to the intelligently designed integral drainage gutter.

CONSERVATION

Our Heritage Flush and Sculptured Sash windows look great in any surrounding, from country cottages to modern townhouses. Their subtle charm and elegance will transform your home.

If you live in a Conservation Area, home improvements such as replacing your windows and doors will require planning consent as there are strict guidelines to ensure that architectural features are preserved.

We have designed the Heritage Window Collection with this in mind; replicating the appearance and style of traditional timber windows with features such as our authentic Wood Grain Finish, Monkey Tail Handles and Georgian Bar options. However, you should always obtain consent from a planning/conservation officer before proceeding with an installation.

HERITAGE WINDOW COLLECTION

FLUSH SASH WINDOW

Designed to replicate the appearance of timber, Flush Sash windows are distinguished by sashes that close into the frame and finish flush with the face of the window. Flush Sash windows typically have frames that appear the same width, known as “equal sightlines” this look is achieved using dummy sashes, something that undoubtedly improves the overall appearance of your property.

HERITAGE WINDOW COLLECTION

SCULPTURED & CHAMFERED SASH WINDOW

Sculptured and Chamfered Sash windows feature outward opening sashes which stand proud of the face of the window frame and are the more typical style used in homes you see today. For that period property look, both Sculptured and Chamfered Sash windows can also feature a dummy sash, this simple but effective upgrade to achieve “equal sightlines” can really enhance the beauty of your home. See Page 42.

FLUSH SASH

BY DECEUNINCK

Heritage Flush Sash windows look great in any surrounding; modern townhouse or country cottage. They will retain their elegance while still functioning as a high quality window for many years to come.

Super Efficient

Compared with aluminium or wood, PVC-U windows are low maintenance, have better insulation values and are able to reduce energy and heating costs.

Perfect for Conservation

Flush external contours are in keeping with period properties and also meet the requirements of most conservation area officers. *Check with your planning/conservation officer.

Sound-Proof

Glazing options to maximise energy efficiency and/or sound proofing.

Safe and Secure

For total peace of mind, our Heritage Flush Sash windows come with multi-point locking as standard.
